(i) What distinguishes 'Review' from 'Editing' in technical communication?

(i) Review is creative, editing is destructive
(ii) Review checks content, editing refines language and style
(iii) Review is done after editing
(iv) Review is optional, editing is mandatory

(j) A key method to maintain writing skills over time is:

(i) Memorizing style guides
(ii) Avoiding writing altogether
(iii) Regular practice and peer feedback.
(iv) Using speech-to-text software

Q.2 Discuss the key attributes of technical writing. How do these attributes differ when writing for technical vs. general audiences? Illustrate with examples. **[14]**

Q.3 Imagine you have been asked to draft a technical user manual for a newly developed mobile app targeted at both tech-savvy and general users. Design the manual to address both audiences effectively, keeping in mind the principles of clear and concise technical writing. **[14]**

Q.4 Assume you are working at AXIOM Technologies. You have completed an assignment to test a new mobile's battery lifespan and you have to report these findings to the design and marketing team. Design a memo report based on your findings. **[14]**

Q.5 Compare and contrast formal and informal reports in terms of content, audience, format, and writing style. Provide examples of situations where each would be appropriate. **[14]**

Q.6 You have been invited to deliver a 10-minute oral presentation at an inter-college meet on the topic "Green Technologies in Urban Transport." Draft the presentation in about 250 words. **[14]**
